# TOSIBOX WINS TWO CATEGORIES AT IOT / M2M INNOVATION WORLD CUP

---

## Finnish company wins Industrial and Security categories

Tosibox, a Finnish company offering secure remote connection solutions, has won the Industrial and Security Category Awards at the IOT / M2M Innovation World Cup. The pitching and award ceremony took place on Wednesday, March 1 in Barcelona, Spain.

The award ceremony organized for the 5<sup>th</sup> time, was held for the first time parallel to Mobile World Congress – the largest mobile industry gathering in the world. The finalists took the stage to pitch their outstanding solutions to an audience of investors, media, executives and Mobile World Congress attendees.

“It was a great day for Tosibox; Winner of Innovation World Cup in two categories. I was proud to present Tosibox solution in Barcelona. We had an excellent presentation supporting our superb solution, and the whole team deserves a big thank you”, says **Tero Lepistö**, CEO at Tosibox.

The 26 finalists were selected from a pool of over 400 submissions in 5 categories and 2 special prizes. The final included a strong presence from Oulu, Finland, as besides Tosibox also Capricode was among the finalists. Winners of other categories were: Senlab, Immotor, Tunnel, SmartyPans and Techsource Europe.
